

The Tannis Podcast

Motoring journalism is changing. From yesterdays printed magazines we now publish our reviews in many different channels.

An example of this is the podcast of Vi Bilägare (S). The pod is normally released once a week, but during the Tannistest there is a new show released every day!

- What else can we do? We have so many exiting cars to talk about, says the Managing Editor of Vi Bilägare and Car of the Year jury member Tommy Wahlström.

Vi Bilägare has brought their podstudio with them and set it up on the kitchen table in Tommy's room. The ambition

is to make a new pod every day during the Tannistest.

Podcasts from Vi Bilägare are available for free at

Tannis Running Club *in action!*

Why not do some exercise in this beautiful area in between car handling, photo shooting and pc-operation? Monday Karsten (Motor), Torben (Motor), Lene (Kia DK), Peter (mobile.de) and Brian (FDM) did the nice run. Next tour is planned for Tuesday 18.01. Everybody is welcome on a guided tour (7.2 km) including a stage on the beach. Meet by Car of the Year 2019. (BTW: they are not as fast as they pretend.)
