## EV premieres at Tannistest

Among the five pure electric vehicles present at Tannistest, two are brand new, the Peugeot 208 Electric and DS 3 Crossback Intense.

However, they are so new, that the models here are pre-production cars. They are not suited for normal testdrives.

It is possible to take them out for photo shooting etc, though, but you need to get a co-driver.

Hanne Sørensen, Peugeot of Denmark, +45 21 72 51 72, will accompany the 208 and Antoine Maes, DS Automobiles, +33 60 89 19 679, the DS 3 Crossback.

## Electric beach photo

Sunday morning shortly after breakfast (10.00) all five electric cars will be gathered at the beach for a common photo. Feel free to join. Otherwise an official photo will be made available.

## Roadworks!

The roads around here are varied and generally with little traffic. However, roadwork is ongoing on the main road 597 leading towards Hirtshals/the motorway. During normal working hours weekdays one lane may be closed. Traffic light in operation. For motorway access it might be wise to turn off at Uggerby and go through Bjergby (Mountain Village!).

## Weather today

Hi: 15 - Lo: 9

Wind 2-4 m/s S later E

Mostly sunny, unusual little wind. Good visibility.  
High tide 11.54 + 0.34
