

A sunny morning at the beach

Monday morning is the time for the traditional beach photo. This year again we have the most fantastic conditions. The beach is wide, and we have a weather forecast saying sun, sun, sun!

During breakfast we will distribute the keys for the selected cars, and at 8:30 we will go to the beach to organize the cars. We need many volunteers for that operation, so please help us

driving a car to the beach, if possible.

You are all invited to join us for the picture setup. Usually, it takes about an hour.

The picture of the cars will be available to all participants on www.tannistest.com.

Due to the photosession, there will be a limited number of test cars before lunch.
